

QUALITY POLICY

The Quality Policy of Kintech Limited is as follows:

To establish and maintain a Quality Management System for the scope of specification, development, manufacture and powder coating of sheet metal and light fabrication products which satisfy the requirements of ISO 9001:2015, ISO 13485:2012 and any other Customer specific quality and statutory requirements.

To consistently manufacture products that fully and consistently meet agreed customer requirements

To ensure all company personnel are fully competent to carry out their assigned tasks

To strive to continually improve the products and services provided to Customers and the Quality Management System, through the use of this quality policy, quality objectives, analysis of data, audit results, corrective and preventative actions and management reviews.

To establish quality objectives at strategic and operational levels within the company that will be measured and reported upon at management review meetings

To maintain records as objective evidence to demonstrate compliance with the quality management system

To review the quality management system at planned intervals to ensure it is effective and achieving the stated quality policy
