BARIATRIC SHOWER TROLLEY

Designed to assist

The Bariatric Shower Trolley is designed to provide a safe and comfortable experience for both the end user and carer when washing, showering and providing personal care. This heavy-duty mobile shower trolley features lock brake castors and drop-down side railings for ease of transportation and safer patient transfers.

The 400mm height adjustment allows the carer to position the trolley at the optimum level for correct posture, and safe handling when manoeuvring patients and providing treatments. Boasting a safe working load of 300kg, this trolley is a truly versatile piece of equipment that caters to the bariatric community.

Comes complete with a removable waterproof mattress made from easy clean 600gm PVC lacquered and polished polyester. *PVC pillow not included.

- Frame has an anti-bacterial powder coating finish which does not degrade effectiveness over time
- Castor tested to 100 hours salt spray test
- 400mm height adjustment with both manual and electronic options
- Easy to clean 600gm PVC lacquered and polished polyester waterproof mattress (pillow not included)
- SO:9001:2015 accreditation
- Made in the UK

FEATURES

The Bariatric Shower Trolley features a manual lift mechanism and boasts a safe working load of 300kg.
